The questions that you can expect to see in Part Two of Two Exercises 151-300 are:

- **Main Idea Questions:** These questions ask you to identify the main idea or purpose of the text.
- **Supporting Detail Questions:** These questions ask you to find specific information that supports the main idea of the text.
- **Inference Questions:** These questions ask you to make inferences about the text based on the information that is provided.
- **Vocabulary Questions:** These questions ask you to define or explain the meaning of specific words or phrases that are used in the text.

Here are some tips and strategies for answering the questions in Part Two of Two Exercises 151-300:

- **Read the text carefully:** Before you answer any questions, make sure that you have read the text carefully and understood its main idea.
- **Identify the question type:** Once you have read the text, identify the type of question that you are being asked. This will help you to focus your answer on the specific information that you need to find.
- **Use the text to support your answer:** When you answer the questions, be sure to use evidence from the text to support your

answer. This will help you to ensure that your answer is accurate and well-reasoned.

- **Guess if you don't know:** If you are unsure about the answer to a question, don't be afraid to guess. You have a 25% chance of getting the answer correct, and it is better to guess than to leave the question blank.

Here are some practice exercises that you can use to prepare for Part Two of Two Exercises 151-300:

Exercise 1

Read the following text and answer the questions that follow:

>The Rise of Social Media

>Social media has become an increasingly important part of our lives. In the past decade, the number of people using social media has exploded, and it is now estimated that over 3 billion people worldwide use social media.

>There are many reasons for the rise of social media. One reason is that social media allows us to connect with friends and family who live far away. Another reason is that social media provides us with a way to share our thoughts and experiences with others. Finally, social media can be a great way to learn new things and stay up-to-date on current events.

Questions:

1. What is the main idea of the text?

2. What are three reasons for the rise of social media?

Exercise 2

Read the following text and answer the questions that follow:

>The Importance of Sleep

>Sleep is essential for our health and well-being. When we sleep, our bodies repair themselves and our minds process information. Sleep also helps us to maintain a healthy weight, reduce stress, and improve our mood.

>Most adults need around 7-8 hours of sleep per night. However, many people do not get enough sleep. This can lead to a number of health problems, including obesity, heart disease, and diabetes.

Questions:

1. What is the main idea of the text?
2. Why is sleep important for our health?
3. How much sleep do most adults need per night?

Exercise 3

Read the following text and answer the questions that follow:

>The Impact of Climate Change on the Environment

>Climate change is having a significant impact on the environment. The Earth's average temperature is rising, which is leading to a number of changes, including:

>* The melting of glaciers and ice caps >* The rise in sea levels >* More frequent and severe storms >* Changes in plant and animal life

>Climate change is also having a negative impact on human health. For example, extreme heat can lead to heat-related illnesses and deaths. Air pollution can also cause respiratory problems and heart disease.

Questions:

1. What is the main idea of the text?
2. What are three ways that climate change is impacting the environment?
3. How is climate change impacting human health?
