The solar system is on the brink of war. The Ring Gates, ancient alien artifacts that allow for instantaneous travel between star systems, have been opened, and humanity is now faced with a vast and unexplored frontier. But with the Ring Gates also comes danger. A new alien race, the Goths, is on the rise, and they are determined to conquer the galaxy.

The crew of the Rocinante finds themselves caught in the middle of this conflict. They are hired by a mysterious benefactor to investigate a group of refugees who claim to have knowledge of the Goths' plans. As the crew investigates, they uncover a deadly conspiracy that could have devastating consequences for the solar system.
